- Per last meeting, I assume the Marketing Committee, Platform Team, and Spec Committee are all following up on the Jakarta EE 11 Narrative and the quarterly objectives related to it:

  - The Marketing Committee will create a social plan around this as well as community contributions to what they would like to see in EE11
    - Include encouragement to individual spec teams to proceed with spec evolution
  - This is under active discussion at the Platform Team and the Spec Committee
    - Survey sent to spec teams soliciting plans [\[here\]](#)
